Monday 26th June

17:00: Ouverture Locale JOBIM

Allocutions

Amphithéâtre Méril

Tuesday 27th June

14:00-17:30: Local Afternoon session (*open to everyone*)

13:45-14:00: Welcome message + Chairman: Kenny Chammougom

14:00-14:20: Pascal Poullet: « Le Centre Commun de Calcul Intensif, plateforme commune de calcul intensif, de bioinformatique »

14:20-14:40: Olivier Gros: « Thiomargarita magnifica, la bactérie géante des mangroves de bord de mer qui repousse les limites de la bactériologie »

14:40-15:00: Sylvie Lecollinet: « Insights into arbovirus genomics through One-Health approaches »

15:00-15:20: Lovely Euphrasie-Clotilde: « Les brumes de sable dans le bassin caribéen : un acteur majeur »

15:20-15:40: Sarra Gaspard: « Traitement des pollutions par les pesticides »

15:40-16:00: Jimmy Siméon : « L'intelligence Artificielle au service de la santé : prévention, diagnostic et thérapeutique »

16:20-16:40: Lyza Hery: « Variabilité naturelle des communautés bactériennes et des propriétés physicochimiques des gîtes et leur influence sur le microbiote bactérien d'*Aedes aegypti* »

16:40-17:00: Andrei Doncescu: « Simulation-Based Reasoning of DNA Double Strand Break Using Abduction from Default Logic »

Wednesday 28th June

14:00-15:00: Local Animation in the afternoon

Free visit of the Mémorial ACTe (<https://memorial-acte.fr/>)

Address: Rue Raspail, Darboussier, 97110 Pointe-à-Pitre

13:50 - Meeting point in front of the “MACTe” with your JOBIM Badge

How to go there:

Ask people to show you where is the MACTe

Thursday 29th June

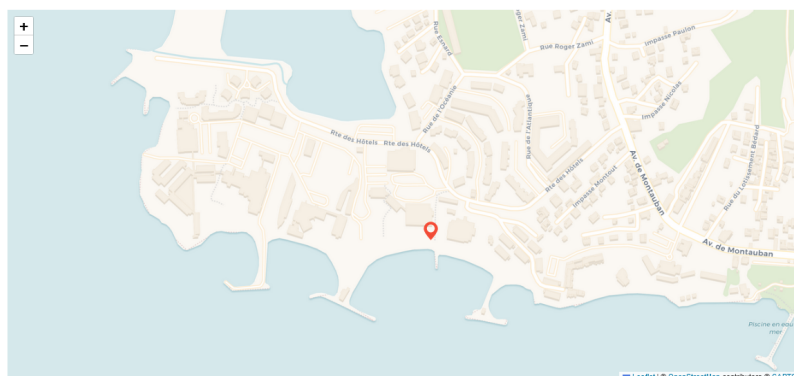

Mini-symposium “Metagenomic analyses in an island context (Guadeloupe) and in French Guiana” (with your JOBIM Badge)

- o Isaure Quétel 9h50 – 10h10 : Bacterial microbiota management in free-living amoebae (Heterolobosea) isolated from water: the impact of amoebae identity, grazing conditions and passage number
- o Degrâce Batantou 10h15 – 10h35 : Resistome and microbiome of biofilms
- o Anubis Vega-Rua 10h40 – 11h : Influence of breeding sites on *Aedes aegypti* microbiota and vectorial capacity
- o Elodie Calvez 11h05 – 11h25 : Larval diet influence *Aedes aegypti* microbiota and fitness in laboratory and natural rearing conditions
- o Margot Garcia-Van Smevoorde 11h30 – 11h50 : Impact of amoxicillin/clavulanic acid on *Aedes aegypti* microbiota and its capacity to transmit dengue virus
- o Sourakhata Tirera 11h50 – 12h10 : Disentangle chimeric (d-chimer) sequences in de novo assembled viromes

GALA dinner (from 18:00)

Site : Hotel Arawak, 41, rue des Hôtels - Pointe de la Verdure
97190 LE GOSIER

Schedule: from 18:00 to 22:30. Dinner and Private concert by Laurence Hamlet at 19:00.

Bring your swimsuit !
